How can you save someone who doesn't want to save himself? That's the problem that plagues documentary filmmakers Milo and Bella who are given the responsibility of taking Milos brother, Leo, from jail to rehab by 8 p.m.— or else Leo goes back to jail. Not only do Milo and Bella have to deal with Leo's carefree attitude, but they lack the \$5,000 needed to get Leo into rehab. The trio decides to embark on a journey through the underbelly of Los Angeles to do whatever it takes to get the money and get Leo into rehab on time. FIX is a visually kinetic experience that is as much a social commentary about the gang and drug culture in Los Angeles as it is a modern day version of the Odyssey.
